Council Decides Upon Public Meeting to Plan Big Jubilee Festivities

Representatives of Women's Institute, I.O.D.E. and Carnival Committee Address City Council. Chief of Police Kingzett to Attend Weed Campaign Conference at Olds This Month. Suggestions Relative to Boulevarding Are Referred to Public Works Committee for Report.

The regular meeting of the city council was held on Tuesday evening with all the members in attendance except Ald. Paton.

After the adoption of the minutes of the last meeting, a letter was read from the department of agriculture drawing attention to the weed campaign which is being held again this year, and giving dates and places of weed conferences. Chief of Police Kingzett was appointed weed inspector and he will attend the conference to be held at Olds on May 20th and 21st.

Building permits were granted to David Jorve for residence, Geo. Wiseman for garage, and C. J. G. Swanson for stable.

The public school board asked for deed to lot at rear of school, to be used for school ground purposes. The request was granted.

Jos. N. Schreffels was granted permission to install a gasoline tank in front of garage.

The application of W. H. Lively for restaurant license was granted.

Mrs. Etta M. Smith wrote applying for relief from city. The matter was referred to the relief committee.

W. H. Cook addressed council respecting boulevarding. A general discussion took place after which it was referred to the public works committee for report.

The I.P.O.E. applied for dance hall license for the Elks' hall, which was granted.

J. P. Johnson wrote reporting favorably on Fireman's Liability Insurance policy.

The Lieutenant Governor of Alberta wrote on behalf of the Red Cross Society, requesting that the municipality make grant to the society. The letter was filed.

The application of C. J. Swanson for concrete sidewalk fronting a pro-

PUBLIC MEETING TO ARRANGE FOR BIG CELEBRATION

Attention is directed to the advertisement elsewhere in this issue calling a public meeting of citizens to consider the matter of holding a Diamond Jubilee celebration in Wetaskiwin. The meeting is to be held in the Elks' Hall, Wednesday evening, May 11. Be sure and be there.

MOVEMENT TO HAVE THE BOBTAIL INDIAN RESERVE COLONIZED

An important resolution was discussed at the colonization meeting at Ponoka on Saturday afternoon, pertaining to acquisition of some 7000 acres of land, known as the Bobtail Indian reserve. It was pointed out that only some seven families reside on said land, and that for a monetary consideration they could be induced to move to the Samson reserve, and the money received from the sale be paid over to the Samson Indians. After a short discussion, the resolution was carried by an unanimous vote, and the department of Indian Affairs were strongly recommended to take steps to have the lands sold to parties who would become bona fide resident settlers.

Should this come to pass, it will help the adjoining districts in the matter of schools, but also roads, and of course would be the means of adding to the population of our district.

The secretary was instructed to ask for the cooperation of the boards of trades of the cities of Wetaskiwin and Edmonton.—Ponoka Herald.

G. A. FERGUSON HAS SOLD HIS FINE FARM

An important property deal was made this week when G. A. Ferguson disposed of his half section about 16 miles southeast of Wetaskiwin to Emil T. Peterson of Wetaskiwin. The farm is one of the best in the country, while the house, barn and other buildings are modern. The deal includes the stock, implements, and household goods. Mr. Peterson took immediate possession, and Mr. and Mrs. Ferguson will return to California in a few days as soon as they can attend to some business affairs.

MOVING PICTURES FOR MILLET SOON

Mr. D. Griesdard and Mr. Chas. Nelson, of Leduc, who own and operate the Star Theatre of that town, are, in a few weeks, going to open a theatre in Pinyon's Hill, Millet. They are promising the people first class pictures. They will also have music and other added attractions of entertainment.

LAST CASE HEARD IN COURT SITTINGS

The half-yearly sittings of the supreme civil court were concluded here last Friday, before Mr. Justice Mitchell.

The last case on the list was the case of Baker vs. Hanson, in which the plaintiff sued the defendant for damages for alienation of wife's affections.

The parties live in the district of Red Deer, and the case had been transferred from Red Deer to Wetaskiwin for trial. The action was dismissed with costs. J. S. McCormick, of Lacombe, acted for the plaintiff, and W. J. Mustard, of Edmonton, for the defendant.

CHOICE BEEF TOPS MARKET AT 12 CENTS

Edmonton, May 2.—That prices for well finished cattle are steadily climbing is indicated by the returns secured from the sale of two very choice steers, at the Edmonton stockyards this week. These two animals, a grade Shorthorn and a grade Aberdeen Angus, were sold by W. G. Morris, a local buyer and feeder for 12c and 10c per pound respectively.

BABE IS KILLED IN A RUNAWAY ACCIDENT

Bawlf, Alberta, April 29.—The five-month-old child of Mr. and Mrs. G. Plasto was instantly killed near here Thursday, in a runaway accident. Mr. and Mrs. Plasto were driving home from town, when in some way the wagon pole dropped, causing the horses to bolt, and dragging the occupants of the wagon to the ground. The wheels of the wagon passed over the child's head, causing instant death. Both Mr. and Mrs. Plasto received minor injuries.

TOWN TOPICS

Roy Linsong left on Wednesday morning for Spokane to accept a position.

C. H. Hindson left this week for Regina, when he intends opening a jewelry store.

Miss Peggy Babra, of Wetaskiwin, spent last week here visiting Miss Flo Gatz.—Red Deer Advocate.

Mrs. H. D. Whyte, of Edmonton, is renewing the acquaintance of her many friends in Wetaskiwin.

Miss Cook, of Edmonton, arrived in the city a few days ago to accept a position in the Lawson Store.

The Tuxis Square will give a minstrel show in the Angus Theatre on Thursday, May 12, at 8:15 p.m.

A meeting of the Order of the Royal Purple will be held in the Elks' Hall on Monday evening next, May 9th, at 8 p.m.

Mr. Carl Paulsen returned on Saturday from California and Oregon, where he spent the winter.—Ponoka Herald.

The Crooked Lake Swedish Baptist Ladies' Aid meeting will be held on Thursday afternoon, May 12th at A. Brandt's, Offerdale.

The next meeting of the Norwegian Lutheran Ladies' Aid will be held at the home of Mrs. Schillars on Friday, May 13, at three p.m.

The Scandinavian Lutheran Ladies' Aid will meet at the home of Mrs. John Malmus, Sr., on Wednesday, May 11th, at 2:30 p.m.

Miss Nora Compton has tendered her resignation as stenographer in the Bank of Montreal. She is being succeeded by Miss Jean Walker.

A. B. Evans went to Picheon on Wednesday of last week, to visit his daughter, Mrs. F. S. Ecklin, who has been ill. He returned on Saturday.

The W.M.S. and Mission Band of the United church have reserved December 23rd as the date for their annual bazaar, tea and food sale, 2t

Mrs. J. R. Marshall and children, of Wetaskiwin, left for home on Sunday evening after several days' visit to Mrs. R. C. Lister.—Red Deer Advocate.

E. H. L. Thomas moved on Saturday last into the house just vacated by E. L. Fuller. Mr. Thomas purchased the property a few weeks ago from Mr. O. Nelson.

Rev. Appelt will be out of town until Friday as he is attending the ministers' conference of the North Alberta District of the Ev. Lutheran Missouri Synod.

Mr. and Mrs. E. L. Fuller moved to Edmonton on Saturday last, where they will reside. The school inspector to succeed him in this district has not yet been appointed.

The Ladies' Aid of the United church will hold a Mother's Day Tea, and will sell red and paper carnations in the Sunday school room on Saturday, May 7th, from 3 to 6 o'clock.

A meeting of the W.A. of Immigrant club will be held at the home of Mrs. H. W. Wright on Tuesday, May 10, at four o'clock. All members are asked to make a special effort to attend.

Mr. J. W. Gable, formerly of Edmonton, has become a partner in the firm of Smith-Norville Agencies, and will devote special attention to the insurance business transacted by the firm.

The regular meeting of the Girl Guides was held in the Parish hall on Tuesday, May 3, with eighteen girls answering the roll call. The time was devoted to singing, singing and playing games.

Mrs. N. A. MacEachern, who was attending the I.O.D.E. convention in Calgary, as delegate from the Peace Hill Chapter, returned on Saturday. Mrs. MacEachern was elected as one of the provincial councilors.

The many friends of T. Atkins, of Millet, regret to learn that he was brought to the Wetaskiwin hospital on Monday last suffering with heart trouble and dropsy. He is reported to be some better at time of writing.

Mrs. J. L. Poole went to Lacombe Wednesday morning to spend the week as the guest of Mrs. Dr. Sharpe. She will also attend the Central Alberta W.C.T.U. convention here last week Thursday and Friday of this week.

Mr. Harding, who has been teller in the Bank of Montreal here for some time, has been transferred to Strone, and Mr. Stone, ledger keeper, has been promoted to succeed him. Mr. Taylor from Alliance is now the ledger keeper.

Dr. and Mrs. J. S. Sutherland left the four part of this week for Victoria, B.C., where they will reside for a time, the doctor having had to alter his plans on account of illness. He will go on to Chicago after he has recovered in health.—Alta Free Press.

ANNOUNCEMENT

The ceremonies of Wetaskiwin desire to announce that they will be open on Saturday nights until nine o'clock during the summer months for the convenience of their patrons.

A BIG PATRIOTIC CELEBRATION HERE ON DOMINION DAY

Plans for the Community Carnival on June 23, 30, July 1, 2, are progressing. It has been decided to give away a Ford Tudor Sedan to the holder of the lucky carnival admission ticket to be drawn at 11:30 p.m. on July 2. Carnival tickets will be ready for distribution immediately.

It is proposed that Friday, July 1st, will be given over entirely to a patriotic celebration in commemoration of the Diamond Jubilee of Confederation. This celebration as now outlined, will be held at the fair grounds under the joint auspices of the City, the I.O.D.E. and the Women's Institute, and the Carnival committee.

Further announcements will be made later.

NORTH ALBERTA RIVERS RAMPAGE

Edmonton, April 29.—Four more bridges across Alberta streams have gone out as a result of the spring freshets. They are the bridges over the Butte river southeast of Ponoka, the Poudre river, south of Grosvenor, the Willow Creek east of Gadsby, and the Big Knife creek, north of Gadsby.

The Battle and Poudre river bridges were 60 foot spans and will be rebuilt in steel. High water and floating ice were responsible for the sweeps in all cases, according to reports that have come to the department of public works. Steps will be taken at once toward rebuilding.

INDIANS INCREASE IN PRAIRIE PROVINCES

The Indian population of the prairie provinces of Canada continued to increase during the last year according to the department of Indian affairs. Recent computations show that the number of Indians on reserves in 1926, distributed as follows: Manitoba, 11,775; Saskatchewan, 10,466; Alberta, 9,063. During the year there were 1,132 births on these reserves and 814 deaths, a natural increase in population of 368.

The addition to the aboriginal numbers of the Indians in the bands in the prairie provinces of Canada is shown in the following table: "Parts of the prairie provinces some of which are not yet under treaty, brings the total estimated Indian population of the prairie provinces to nearly 35,000.

The continued increase of these aboriginal numbers is interesting evidence that the government's policy of "vanishing race" is failing. Successes in grain growing and cattle raising have been outstanding features of the progress of the Indians in recent years. Their advancement and growing prosperity have brought about a much improved mode of living and there is every prospect that the Indians will eventually be entirely self-supporting.—Resources.

ALBERTA HAS SOLD ALFALFA SEED TO DENMARK FARMERS

Lethbridge, April 29.—The sale of Grubbs' alfalfa seed, grown in the Brooks district, and shipped to Denmark, is claimed as another "feather" in Alberta's cap. For some time past, experiments have been carried on in Denmark with this particular seed.

So successful have these been that the Danish growers purchased two carloads, representing 5,000 pounds. The Danish farmers would have taken twice that amount had it been available, but owing to United States growers placing large orders, the local seed has not been able to keep up with the demand. Growers of trillium alfalfa seed have been paid \$40 an acre clear for their product.

"H.M.S. PINAFORTE" IS WELL PRESENTED

A large crowd assembled in the Angus Theatre on Tuesday evening and enjoyed the production of Gilbert & Sullivan's "H.M.S. Pinafore" as presented by the Ponoka Amateur Opera company. The play was good throughout, and the acting was much above the average. L. D. Wright of Wetaskiwin was the leader and a full orchestra assisted on the cast. Great credit is due all those who took part in the performance.

TEACHER DEAD, SCHOOL BURNED

Gadsby, Alta., May 2.—George Hilton, school teacher at Widenwaka, was fatally shot while the school and all its contents destroyed by fire Friday morning.

Despite his terrible injuries, Mr. Hilton, who lived alone at the school, drove his own car to Endiang after the fire, arriving there in a state of collapse. He was taken to the Hanna hospital, where he died Sunday morning.

John D. Hunt Gave an Interesting Address on Topic of Confederation

Clerk of Executive Council of Alberta Traces Different Steps Which Led Up to Union of Four Provinces in 1867 and Entrance of Other Provinces at Later Dates. Refers to Loyalty of Foreign Born Settlers Who Are Expected to Join With Canadian Born in the Three Day Celebration.

The Kivanians and friends who attended the luncheon Tuesday evening were very much interested in the address which was delivered by John D. Hunt, clerk of the executive council of Alberta. He took as his subject "Confederation," and traced the different steps which led up to the union of the four provinces in 1867, and the joining of the other provinces at later dates. He contrasted confederations as we have it in Canada, with the union of the United States. In the United Kingdom there is a one-man-one-parliament; the sovereignty of the King; and absolute power remains in parliament, whereas the fundamental laws of the United States are positive, but can be overridden by Congress or any other power. The British laws are more flexible than those of the U.S.

We have also a cooperative union where the great countries forming the British Empire meet and great strides have been made in advancement. No one is bound at these conferences except through loyalty and respect for the King, and loyalty to the British constitution.

Mr. Hunt referred to the political conditions in Lower and Upper Canada which brought about the passing of the British North America act in 1867, when Ontario, Quebec, Nova Scotia, and New Brunswick were brought into confederation. They were given control of their natural resources, but when Manitoba, Saskatchewan and Alberta were brought into the union in later years, the resources were withheld. At the time Alberta and Saskatchewan joined, the provincial governments were more anxious to get the cash subsidy than the resources, expecting to later get full value for the resources.

It is suggested that the Diamond Jubilee celebration, which takes place this summer he held on June 29, 30 and July 1st. A patriotic program will be given on Friday, while Saturday will be largely sports, and the evening will be devoted to religious or united open air meetings.

Mr. Hunt concluded by referring to the loyalty of the foreign born settlers, and was certain that they would join with the Canadians on July 1st with as much loyalty and patriotism as they would if the celebration was being held in their native land.

Some seeding is being done; Spring is generally backward

(Special to The Times)

Winnipeg, May 2.—The weather throughout the west during the past week has been generally favorable until the weekend, reports the agricultural department of the Canadian Pacific Railway.

Rain and snow were reported over the weekend in most of the three provinces. In Manitoba, showers presented general commencement of spring operations, but it is expected that work, including seeding, will be under way by Wednesday. There is ample moisture everywhere, the result not only of snowfall during the week-end but of rain for several days prior to the weekend.

Good weather with drying winds prevailed in Saskatchewan all week, and seeding was begun in several sections of the province and would have been general everywhere today but for the rain during the week-end over the central and northwest portions. Under favorable conditions operations will be generally resumed by Wednesday or Thursday of this week. Conditions of soil is excellent and seed will get away to a good start when the weather warms up. Fall rain is showing quite green and there is no report of any being winter killed.

Considerable seeding was done during the week in Alberta. Seeding of wheat was general from the United States border to Innisfail; from this point north conditions have been too wet and little or no work has been done. During the past week-end light snow and rain fell in some portions, delaying seeding operations for a few days. Seeding is well advanced in some districts of southern Alberta, as much as forty or fifty per cent of wheat already being in the ground. Heavy wind caused some soil drifting in the south. Land is now in good shape for cultivation and much breaking will be done throughout the province. It is predicted that the increase in acreage between Medicine Hat and Lethbridge will be at least fifty per cent over last year.

Conditions are backward in British Columbia as in the prairies, being two or three weeks later than last year. Winter rain and snowfall on the coast and in the interior have been average, assuring ample moisture for an ordinary growing season. Apart from previously reported frost damage, fruit trees are healthy and free from pests. Apples and pears are in bloom in the Okanagan. About 1500 acres in the Okanagan will be devoted to tobacco growing this year, the provincial government appropriating six thousand dollars for this development.

HAVE WE GRASPED NEW SPIRIT OF THE MISSIONARY PROGRAM?

Asks Mrs. A. M. Scott, of Calgary, President of Alberta Branch of Women's Missionary Society, at Lacombe Presbyterian Meeting Held at Ponoka. Objective of Thousand Dollars in This District. Mrs. Rainforth, of Olive, Elected President.

The second annual meeting of the Lacombe Presbyterian W.M.S. of the United Church of Canada was held in Ponoka on Tuesday, April 26.

The president, Mrs. Rainforth, of Olive, was in the chair and a lengthy program was carried out. Delegates were present from Wetaskiwin, Lacombe, Clive, Morningstar, Spring Valley, Bellrose and Ponoka. The bad condition of the roads deterred delegates from many other points.

The corresponding secretary, Mrs. R. B. Layton, of Lacombe, reported nine auxiliaries, one young women's auxiliary, two associate societies, four mission bands; total membership 180, with 119 in the bands.

Mrs. Hugh Miller of Ponoka, reported \$1,276.11 sent to branch treasurer.

Mrs. Alsenor of Lacombe, secretary of Christian stewardship and finance, conducted a discussion about the financial allocation to be accepted for the ensuing nine months, which now will close the year. The sum of \$975 will be raised if possible.

After the president's address the election of officers was proceeded with, and the following accepted office: President, Mrs. Rainforth, Clive; vice presidents, Mrs. P. McDonald, Lacombe; Mrs. E. H. L. Thomas, Wetaskiwin; and Mrs. Tate, Bentley; recording secretary, Mrs. C. Gibbons, Clive; corresponding secretary, Mrs. R. B. Layton, Lacombe; treasurer, Mrs. Hugh Miller, Ponoka; secretary Christian stewardship and finance, Mrs. E. L. Alsenor, Lacombe; strangers' secretary, Mrs. Peppers, Ponoka; supply secretary, Mrs. Dr. Sharpe, Lacombe; associate helpers, Mrs. Arnold, Battle River, Wetaskiwin P.O.; Y.W.A. circle and C.G.I.T., Mrs. A. Lacombe, Lacombe; mission and baby bands, Mrs. E. T. Williamson, Wetaskiwin; missionary monthly and literature, Mrs. Hainsworth, Spring Valley; press secretary and auditor, Mrs. Story, Ponoka.

A tempting supper provided by the Ponoka auxiliary was very much enjoyed and Mrs. Francis, in a gracious little speech, welcomed the Presby-

OBITUARY

CHRIS. BATES

Another of the early pioneers of the district west of Wetaskiwin passed away at the Wetaskiwin hospital on Thursday last in the person of Chris. Bates. He was aged sixty-seven years, and came to this community about twenty years ago from Montana and soon established a fine home in the Fisher Home district, where he resided until the time of his death. He leaves no relatives in Canada, but a few months ago, Mrs. Paulson, a friend, came up from Cascade, Montana, and ministered to his needs. The funeral took place on Monday, service being held in the Roman Catholic church by Rev. Father Walravens. The interment was in the R.C. cemetery.

CORRECTION

It was stated last week that the W.A. of Immigrant had raised \$60.00 by Christmas towards paying off the debt on the Parish hall. This was a typographical error, as the amount raised by the W.A. was \$600.00.

First aid for Spring fatigue

SHREDDED WHEAT

Its toothsome whole-wheat flavor Gives new delight in food And easy nourishment

The Alberta Farmer Is a Really Versatile Genius in Lone Class

(Hort Huffman, in Calgary Albertan)

He held a short pipe, upside down, tightly in his teeth. His face was set and stern. His eye, set in a gleam of determination in it. He was turning the grindstone speedily with his feet as he held a vicious looking blade on the stone. Occasionally he stopped turning long enough to run a thumb over the keen edge of the blade. Then he would turn vigorously again and bear down hard on the stubborn stone. He bit his pipe stem in his keen desire to make the blade sharp, so it would cleave through flesh and bone with a savage precision. It looked a very murderer itself, this thin, cold segment of hardened steel, when the farmer spat out of the granary door and touched the finished edge with a grin of satisfaction. It was sharp enough for any ghastly job.

An hour afterwards a neighbor woman stopped in her backyard for an instant as a roar, like that of an adult lion, rent the spring air. It was a roar of mingled rage, pain and consternation and sent a chill through the flesh. Twice this terrible, tumultuous roar swept over the stable fields.

Then the listening woman in the backyard flung out her diswater and said to herself:

"Huffman has dehorned his bull!" I always object to dehorning a bull. It is the only safe and sensible thing to do, but a bull does hate to lose his horns so badly. As a woman's pride is her hair, so is the boastful pride of a young bull his growing, tingling horns. How he polishes and hardens them on the bank of a slough or along the road. How he flings his head in the air and snorts and kicks up his heels as he feels his horns growing and strengthening. It seems a shame to mutilate him by clipping them off right down at the roots of the hair. But a bull is a very thoughtful and wilful youngster and one sharp pair of horns on a farm can do untold damage to other stock. So my dehornor blades are always sharpened in early April for this unpleasant job.

Did you city dwellers ever stop to think what a versatile genius a working farmer must be, in order to meet all the requirements of his task? I had visitors at dinner time a few days ago. During the meal I was compelled to go to the window and listen for an instant. Then I excused myself and went out to the pump house to regulate the gas engine. While busy cutting, talking and visiting my ear had caught the labored, unnatural noise of the engine working at its monstrous job.

Nobody else heard anything, but my instant told me that the little engine was choked and would stop in a moment if not relieved. My subconscious ears had sensed this change in the sound of the exhaust and warned me that I was needed. A person not accustomed to a gasoline engine would not have heard the slightest variation in the measured barking of the exhaust. "How did you know it was choked?" asked my friend. He had not noticed it. His ear was not eagle trained.

During the warm afternoon two coats wandered in from a stable field. In a moment I knew that they needed attention. Looking them over carefully I saw that one of them was lousy and that the other was wormy. So we caught them, tied them up and succeeded in treating each for his peculiar ailment. "Are you a veterinarian?" asked my visitors. "You seem to know how to doctor a sick cat." "I am more than a veterinarian," I replied. "I am a working, dirt farmer and must know everything."

You have \$500 worth of machinery on your farm. All complicated, specialized, individual implements. The working farmer must know every bolt and nut on these highly complicated machines. He must know what each part is for, what work it does, and if it is right, adjusted.

If a seedler fails to function properly he must be able, at a glance, to

know what is wrong and how to remedy it. If a binder refuses to tie the bundle he must develop the delicate combination of eggs and cams and springs and gears to see just where it is out of adjustment, and how to readjust it.

If a work horse is ailing, he must doctor it. He may not be a veterinarian, but the farmer must know things. Endless experiments and endless experience are better than a university degree on a farm.

You must know how to mix your farmyardlime to treat seed wheat, so it will kill the smut spore and not injure the wheat kernel. You must know how to mix strychnine in just such nice proportion with vinegar and brown sugar so that it will kill a

Here and There

Reports received by the Provincial Department of Agriculture indicate that the crop acreage this year will be much larger than last year. Some of the estimates show as much as 600,000 acres in advance of 1926.

Roger Babson, noted statistician, in addressing the Canadian Club of Toronto, said that in 25 years time Vancouver would be the greatest port on the American Pacific coast and that it was only a matter of time before the trade across the Pacific Ocean would equal, if not exceed, that of the Atlantic.

It is announced by the Hon. W. Motherwell, Minister of Agriculture, that a contract had been entered into with the Nova Scotia Public Fish Cold Storage Terminals, Limited, at Halifax, respecting the construction and equipment of a modern cold storage plant at Halifax, to be completed about November 1st, 1928.

It has been officially announced that the Canadian Pacific Railway will operate the Hereford Railway which extends in Quebec from Lime Ridge to the United States boundary, passing through several Eastern Townships, including Cookshire, Sawyerville, Malvin and down to Paquetville. This line has not been operated since November, 1925.

Heirs to the thrones of Great Britain and Spain will visit each other at the World's Poultry Congress to be held at Ottawa July 27 to August 4. H.R.H. the Prince of Wales will exhibit some live birds from his farm in Cornwall, England. Now word is received that H.R.H. the Prince of Asturias, heir to the Spanish throne, will exhibit some fowl from his own poultry farm.

Over 1,000 members of the parish of St. Aidan's Church, New Jersey, journeyed to Montreal over the Canadian Pacific lines on Easter Monday to visit the famous Oratory of St. Joseph. The visit was in the nature of an act of thanksgiving for the miraculous cure last year of their pastor, Rev. Father Roger McGinley. Father McGinley had been suffering from heart trouble for some years preventing his entering the pulpit. Following a visit to Brother Andre, however, in Montreal, his condition improved almost instantaneously. Within a few days he was able to address his flock.

Passengers on the Canadian Pacific flagship "Empress of Scotland," now completing a world cruise, visited the ruins of the site of the city of Panama destroyed in 1671 by Sir Henry Morgan, the famous English pirate. The ruins have come into the limelight recently on account of the fact that treasures valued at over \$50,000 have been discovered by a young English fortune hunter, Lieutenant George Williams. The discovery, which was made by means of a delicate violet ray detecting instrument of his own invention, consisted of gold, church ornaments, gold dust and jewels. The delicate instrument still indicates that larger treasures exist at this site.

Completing a journey of over 30,000 miles during which the entire globe was circled, the Canadian Pacific flagship "Empress of Scotland" docked at New York recently. Over 400 passengers disembarked laden with every imaginable kind of souvenir from every country. The ship carried back the first refugees to America from the war zones of China in the persons of Mr. Melvin Southwick and her young baby, who were forced, through Chinese disorders, to board a tramp steamer for Kobe, where they were picked up by the "Empress of Scotland." Mrs. Southwick's husband is an official of the Standard Oil Company at Hankow. During the great cruise of the "Empress of Scotland" she visited about 20 countries and anchored in over 25 world ports.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain
How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids—never liquid or pills in harness to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Convicted Himself

Judge—Did you or did you not strike this woman?
Landlord—Your Honor, I only remarked that the wallpaper in her apartment bore fingerprints.
Judge—Two years for knocking her flat. Next case.

Mad Awful Pains In Her Back

When the kidneys get out of order the back is sure to become affected and dull pains, sharp pains, quick twinges all point to the fact that the kidneys need attention.

Mrs. Allan Batting, Enterprise, Ont., writes:—"After my second baby was born I had awful pains in my back, and could not sleep at night."

I could hardly do my housework, especially my washing when I had to bend over the tub.
I had read so much about Doan's Kidney Pills, in your almanac, I thought I would give them a trial, so I got three boxes and when I had finished the third one I was completely relieved of my trouble."

TIMES' MAILING LIST IS GROWING

During the last few weeks The Times has added a large number of new subscribers to its mailing list. This is very gratifying to the management, as it is evidence that The Times is the popular paper, and that it is giving the news the public demands. Nearly all the new names added are of people living in Wetaskiwin and district. This increased circulation enhances the value of The Times as an advertising medium. Think it over!

What Becomes of
Lost Customers?

"Where do customers go? Where have any hundred gone that once traded with any merchant?"

"Nine now busy elsewhere, tempted by price inducements. Three have moved to parts unknown. Death occasionally claims one."

"But the biggest customer defection—around 57 per cent—is made up of folks who have drifted away because of fancied grievances, because friends influenced them to shop elsewhere, and because of store indifference to them."

"These figures compiled from statistics available to the retail trade can probably be applied with fair accuracy to the average retail store."

"Such a loss of trade is more than an ordinary loss. It is really a preventable waste. For these people still have good money to spend, only they are now spending it with someone else."

"New customers are good to get. Old customers are even better to keep. And good printing will help you hold them and cultivate their friendship. They won't come in and shake your hand every time they pass. But they will gladly take your printed message home, either in the form of a circular or your advertisement in the home paper. Customers, after all, are human beings. Human beings often forget, sometimes are fickle, and occasionally acquire fancied grievances. A well-printed folder, thanking them for their patronage, is balm to feelings that may have been unknowingly strained. An interesting advertisement about your merchandise and your new depart-

ments will make your customer more likely to bring his friends to you than follow his friends elsewhere.

"Keep in touch with your customer by keeping in touch with a good printer. Let him add his skill to your plans to produce direct advertising that will bring your faces to your door and keep old customers contented."—Literary Digest.

The use of direct advertising for nearly every form of selling has been studied by The Wetaskiwin Times for many years. Call in and see us.

Community Development
Assists Prosperity

Recently, the writer of this article had a call from a representative of one of the largest and most enterprising colonization companies operating in Canada. He told of the millions of dollars his company was spending in bringing out settlers and establishing them on the land.

During the conversation he told of one of the first things that he had always insisted upon when these settlers arrived and that was the necessity of these settlers making all their purchases, as far as possible, from their community merchants. Being asked the reason, he said, "Well, we have found out by experience that by encouraging 'buy at home' method and in so doing educating the new settlers to the community spirit idea, that invariably they turn out to be very successful farmers. The reason," he continued, "is plain, because once you establish harmony in a district, we find our task a very hard one and it generally comes from the fact that for both ourselves and the settlers, and harmony can only be established and maintained by the development of community spirit." He concluded by saying: "We have never had to take back land from any of our settlers in districts where they work for each other's success, and in these districts you find both merchants and farmers working for the common good of the district and profiting by so doing."

We thought this a pretty fair and truthful way of determining a successful community. If any place is to be thriving and successful, it must be brought about by team play. The merchants in your town are just

as necessary as a plow is to turn the sod, and any community dweller who does not do his share towards maintaining these merchants by making their purchases from them, is only going to eventually cut off his own nose to spite his face.

Patronize your home town merchants. Make your slogan "My Community First!" and you will be the winner in the end.—Observer.

MORE SCHOOLBOY HOWLERS

Some amusing examples of the unconscious humor of schoolboys' answers to examination questions are given in a selection of "howlers" compiled by Mr. Colin McIlwaine, during a recent tour of a number of schools in the south of England. Following are extracts:

An octopus is a fish with long legs. The snail is a hairy deposit in a cold receptacle.

Barbarians are things put in bicycle wheels to make them run smoothly. There are two autumns in the molecule which inhabits the bottom of rivers.

The Menal Straits are spanned by a tubercular bridge.

In Russia there are vast carnivorous forests. Joan of Arc was the wife of Noah. Dick Turpin rode Black Bass to New York.

The Pope called Henry VIII, "Fido the Offensive."

Boadicea was the Queen of Carthage. Magna Charta said that the King was not to order taxis without the consent of parliament.

Epicure describe the deeds of brave men called epicures. Pope wrote principally in heroic cutlets.

Most of Shakespeare's plays were terrible tragedies. M.G. means egg sample. People often lose their consciences when they get ill.

Ambiguity means telling the truth when you don't mean to. Liberty of conscience means doing

wrong and not worrying about it afterwards.

THINGS TO REMEMBER

Before boiling milk, put two or three tablespoons of water in the pot and let it boil for a few minutes. Add the milk and there will be no danger of scorching.

A pinch of salt added to the sugar ingredients will prevent icing from turning to sugar or grainings.

Potatoes should never be put on the table in a covered dish, as they absorb their own moisture and become sodden.

To freshen a stale loaf, wrap it in a damp cloth for a minute. Remove the cloth, and put the loaf in a hot oven for half an hour.

Try slipping dishes in hot water for a minute instead of heating in the oven when in a hurry. They will heat more quickly.

An asbestos mat will be found a

useful addition to the kitchen equipment. Many things, such as stew, fruit, jam and jelly can be cooked on it without risk of burning.

Boil onions in their skins. Cooled by a dip in cold water, they can be slipped out of their jackets quickly and without waste.

Do not pour cold water into an enamel vessel while it is still hot from cooking. This causes the enamel to crack and peel off.

When washing flannels never let them remain long in the water. They should be washed and hung out to dry as quickly as possible.

Try vinegar in the candy when cooking it. Put in a dessertspoonful and the candy will be perfectly smooth and will not turn to sugar.

To improve the looks of a shabby umbrella, sponge it with a strong solution of sweetened tea. The tea will stiffen the fabric.

When the tag comes away from a good shoe lace, dip the end in a little melted wax, the same color as the lace, and press it into a sharp point to take the lace holes.

Give the soles of children's shoes three coats of varnish, allowing each coat to dry thoroughly before putting on the next. This will double the life of the soles.

Eucalyptus oil will remove grease stains from any kind of material without injuring it. Apply the oil with a clean flannel and rub gently until the marks disappear.

If vinegar is boiled in a kettle that has become badly furled, the deposit will not stand and break away from the sides and bottom.

YOUR GIRL AND BOY

We talk a good deal about keeping the boys and girls on the farm, but it is a question sometimes if the fault does not lie more with us than with our children.

About the only way for anybody to become really interested in a farm is to acquire some sort of ownership. This immediately brings a feeling of responsibility and pride in addition

Youthful, Rakish, Colorful

EVER since the Pontiac Six flashed into the market, folks have been wondering, "When will General Motors build a sport roadster on the Pontiac Six chassis? How soon will Pontiac Six power, speed, beauty and endurance be offered in a dashing, low-slung two to four passenger type?"

Now... here it is! As lithe as a thoroughbred, as happy as a lark, as smart as a debutante just back from Paris.

Lucerne Blue is the prevailing color—Lucerne Blue Duo brightened by striping in Faerie Red. And just as far from the commonplace is everything else about the car—grey shark grain leather upholstery, nickel-plated windshield side arms, a completely removable top of double texture grey—and a swanky, flaring rear deck with a spacious disappearing rumble seat!

You never saw a sport roadster quite like this—quite as alert, as intimate, as refreshing to the eye. And if there's youth in your blood—or youth in years—you'll be wanting it some day soon—because it's a splendid quality car, through and through.

to the satisfaction of gaining worthwhile experience.

Your boy isn't half so liable to get crazy about the pool room in town if you take some pains to get him interested in raising a calf. Any dairyman can do this almost without expense or trouble and it may mean that the boy will become a good farmer rather than a poor clerk, shop worker or something else.

The same thing applies to many farm girls. It would be hard to find a normal girl on a dairy farm who would not be proud of the responsibility of having a real share in things that pertain to the household.

Even though such boy or girl may leave the farm later, this early partnership with the father or mother will always be a great advantage. Give your girl or boy some sort of a real interest in your farm affairs. There is everything to be gained. Nothing to be lost.—Cow Bell.

ALBERTA PARTY LEFT FOR EAST

En route to Montreal as guests of the White Star line and Canadian National Railways, a party consisting of

Attorney General J. F. Lymburn, Hon. A. C. Rutherford, first premier of the province; H. E. G. H. Schofield, representing the U.F.A., and J. P. Phillips, ticket agent of the Canadian National railways, in charge, left Saturday morning to assist in the christening of the new ocean liner "Alberic." The big White Star steamship, which will shortly sail from Montreal on its maiden trip, has been named in honor of the province of Alberta.

Sleeplessness
Smothering Spells
Shortness of Breath

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, you can't sleep, and have a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung, you will find that

will regulate and stimulate the heart and strengthen and restore the whole nervous system.

Miss Bertha A. Baker, West Jeddore, N.S., writes:—"Three years ago I was troubled with smothering spells, shortness of breath and sleeplessness. A friend of mine who had used Milburn's Heart and Nerve Pills advised me to try them, which I did, and after using the first box I felt better, and since then I have taken three boxes."

I can highly recommend them to all who suffer as I did."

Price 50c, a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Renew your subscription to the Wetaskiwin Times now.

ANNOUNCEMENT

The very encouraging support given us by the cream producers of the Wetaskiwin district during the 17 months we have been in business indicates quite clearly that the establishment of this creamery filled what the producers considered was a real need.

Our principals, the Woodland Dairy Limited, when making an arrangement with the Alberta Dairy Pools a few weeks ago, offered to include this creamery on the same terms as will now apply to all the other creameries operated by the Company. The officials of the Pool, however, declined to accept the offer.

We consider our duty to our patrons is to provide for them a method of marketing their cream which will place them on an equal footing with other producers in the district. From this date, therefore, and until further notice, the butter-making business of the Mutual Creamery Company Limited is a co-operative concern in the full and best meaning of the term.

We are going to pay for cream in the same way as we always have done, namely, the best possible price that market conditions justify. Operations will be carried on in a thoroughly businesslike way. Any profit left over, after paying the purchase price of the cream, cost of manufacture, interest on our investment, depreciation, and one cent per pound of butter to cover supervision, selling costs and financing, will be paid back to the producers in proportion to the amount of cream supplied. This is, in every respect and detail, the same basis as has been adopted at all the Woodland Creameries that are handling Pool Cream.

We naturally cannot guarantee that there will be a profit, because we do not know what prices will be called upon to meet in the way of competition, but the accounts will be correctly kept and properly audited, and if there is a profit large enough to be worth while distributing, we guarantee that it will go back to the producers.

This proposition is made in all good faith. If there is any detail that is not perfectly clear, we will be glad to explain fully at any time. From now on, our patrons have the right to take a direct and personal interest in the business of the Mutual Creamery. On this basis, we ask for support, both with your own cream shipments and with your influence in obtaining the shipments of your neighbors to help swell the total of business.

Thanking you in confident expectation that we will receive this support, we are,

Yours sincerely,

MUTUAL CREAMERY COMPANY, LIMITED.

How to Play
BRIDGE

A new series of lessons by
Wynne Ferguson
Author of "PRACTICAL AUCTION BRIDGE"

Copyright 1926, by Hoyle, Jr.

ARTICLE No. 23

The informative double of a suit generally calls for a suit bid from partner unless he has a double stopper in the suit doubled. This convention is arbitrary and should be strictly followed. Unless you have a double stopper in the suit doubled—and by a double stopper is meant the ability to take two tricks in that suit—you should bid your long suit, regardless of length or strength. The following is a good example:

Hearts—K, Q, 3
Clubs—Q, 9, 6, 2
Diamonds—Q, 8, 7, 5
Spades—5, 3

No score, first game, Z dealt and bid no-club. If A doubled and Y passed, B should bid one diamond. To bid one no-trump with this hand shows bad judgment. Four clubs to the queen is not a double stopper by any means. Don't bid the no-trump unless you have two sure tricks in the suit doubled.

Here is a hand that involves a principle that has been referred to many times in these articles:

Hearts—9, 3
Clubs—A, Q, J, 8, 7, 6, 5, 3
Spades—none

No score, rubber game, Z dealt and passed. If A passed, what should Y bid? This is a perfect type of hand to justify a preemptive or shut-out bid. Five diamonds is the proper bid. It will probably shut out a game bid by the opponents and if left in should not lose the

Problem No. 27

Hearts—A, K
Clubs—8, 3
Diamonds—A, 9
Spades—none

Hearts—none
Clubs—9, 2
Diamonds—K, 10
Spades—9, 5

Hearts—none
Clubs—J, 10, 6
Diamonds—Q
Spades—6, 4

If hearts are trumps and Z is in the lead, how can Y-Z play the hand that they can win all the tricks against any defense? Solution in the next article.

PA'S SON-IN-LAW

We will not reserve any of the above goods. First come, first served.

To Dairy Farmers:

Four years ago the Wetaskiwin Creamery Company adopted a policy of profit-sharing with its patrons as a basis of fair dealing. After deducting expenses of manufacturing and a fair return on capital invested all surplus profits have been returned to patrons in the form of bonuses. This division of profits has meant thousands of dollars extra revenue to dairymen in this district.

As far as we know, we were the first creamery in Alberta to adopt such a policy. We did this voluntarily, not of necessity to meet competition.

We appreciate the support given us by the farmers in this district and feel that you realize that without this support it would have been impossible for us to have given you this extra return for your labor. That we may be able to continue giving you a greater return for your cream than that received by dairymen of other districts, we solicit your continued support and co-operation.

Sincerely yours,

WETASKIWIN CREAMERY COMPANY, LIMITED

WINFIELD NEWS

Old Land is back on his place again. He spent the winter with Mr. Martinson at Amana.

Sam's Turnout, a back on 15 farm. He is busy breaking in colts and making preparations for spring work.

Mr. Leaden had a carload of the only hay shipped in last week.

O. Day is loading lumber on cars for Carroll Bros.

Mr. Day left on the train last Wednesday to visit relatives south of Winfield.

Mr. Clutter made a trip to Headley last week. His neighbor's little cart disintegrated her arm and was driven to Headley by Mr. Clutter. He reports the trail from Winfield to Headley in a terrible condition.

There is still thousands of feet of lumber piled up at Winfield station. With only one train a week it is moving very slowly.

It will be fifteen years next week since the writer came west and he does not remember such a fire raging as this one. The winter of 1925-27 was not what I would call severe, apart from the heavy snowstorms. Personally I think it was a local winter. When a man can survive a winter as a family on one side of a hill and a cold one on the other, he will undoubtedly say that the winter is something. Mr. Steel, my neighbor, put up half a mile of fence last January and has witnesses to prove the aforesaid statement.

April Report Of The Sacred Heart School

Commendable—Frances Caine, Edith Baxter, Irene Schmitz, Evelyn Bourque, Curt P. Smith, Kathleen Christensen, Cecil Melhargy, Margaret Nowell, Helen Schmitz, Ernest Larose, Ellen Larose, Bernard and Marion Genz, Doris Heaney, Marguerite Keibbe, Onesime Larose, Ross Melhargy.

Perfect Attendance and Punctuality—Frances Caine, Patrick Oakes, Rodolph Keibbe, Jack Weiler, Nora Gibson, Edith Baxter, Sidney Turner, Billie Weiler, Charlie Gibson, Irene Schmitz, Catherine Moan, Irene Turner, Kathleen Christopher, Mary Oakes, Margaret Leahy, Helen and Edna Caine, Mary and Evelyn Korach, Margaret Nowell, Jean Turner, Phillip Bourque, Edmund Christopher, Ellen Larose, Alice Moan, Helen Schmitz, Max Weiler.

SIT ON THE LID AND LAUGH

Build for yourself a strongbox. Fashion each part with care. When it's strong as your hands can make it, Put all your troubles there, Hide there all thoughts of your failure, And each bitter cup you quaff; Lock all your heartaches within it. Then sit on the lid and laugh! Tell no one of its contents. Never its secrets share; When you've dropped in your care and worry, Keep them forever there. Hide them from sight so completely, That the world will never dream half. Fasten the strong-box securely, Then sit on the lid and laugh.

All Stick Together

It was their first separation, and he promised faithfully, when he started in the morning on a 20 mile trip to another town, that he would return in time for dinner at 7 o'clock.

But 7 o'clock found him still absent and the hour crept steadily on until the hour of 10 was registered, and still no husband.

At last the now frantic bride sent telegrams to five of his friends living in towns that he might pass through, asking "Is John spending the night with you?"

The husband reached home at midnight with a broken automobile trailing behind a wagon that had brought him home.

A few minutes later one after another the answers to the five telegrams arrived. Each one said: "Yes, John is spending the night with me." The age of loyalty has not passed by.

If you want to know what to do with your spare time, a man in South Africa has just papered his room with 500,000 used postage stamps.

ALBERTA OIL BY PIPE LINE TO TORONTO

Toronto, April 29.—A picture of the Alberta coal fields being turned into oil and piped all the way to Toronto and the east within the next few years, was drawn by Professor J. C. McLennan, of the University of Toronto, at the luncheon of the Canadian Manufacturers' association yesterday, when he advocated an intensified campaign of scientific research.

"It is possible to turn the whole coal fields of Alberta into oil and pipe it down to Toronto," said the professor.

"The same thing applies to Nova Scotia. It is possible to make Alberta and Nova Scotia two of the richest provinces in Canada."

SMITH CASE HELD OVER UNTIL FALL

The civil action of the province of Alberta against George P. Smith, a former minister, and now of Hamilton, Ontario, for the recovery of \$5,280.00, alleged overpayments for government printing, will not now proceed before a special jury a month hence, as planned. H. H. Farlee, K.C., and George B. O'Connor, K.C., defence counsel, are authority for the statement that case will go over until fall. A scarcity of trial judges in the supreme court is given as one reason, three having been away through illness, and others unable or unwilling to preside because of official connection with the royal commission and criminal trials connected with the case.—Journal.

DELIGHTFUL SHOWER HELD IN HONOR OF POPULAR BRIDE-TO-BE

On Thursday evening of last week Mrs. R. J. Whyte very pleasantly entertained in honor of Miss Nora Compton, bride-to-be. The evening was spent in playing cards, after which dainty refreshments were served. Miss Compton was then seated under the archway beneath a huge orange which opened up and showered her with confetti and a number of very pretty and useful gifts.

SOVIET AGENTS TO BUY HORSES IN THE WEST

Ottawa, April 29.—Several thousand Canadian horses are to be purchased by two representatives of the Soviet government who, after presenting credentials here, have left for the west. They are accompanied by veterinary experts.

A thousand horses were bought last year, but not all were satisfactory and a more careful selection will be made this time.

ANGLICAN CHURCH NEWS

Rev. A. Murphy, Hardisty, and Rev. D. D. MacQueen, Wetaskiwin, were the special preachers at the meeting of the Archdeaconry of Edmonton South, held in Camrose last week.

The Sunday school hour at the Anglican church has been changed from 2:30 p.m. to 10 a.m.

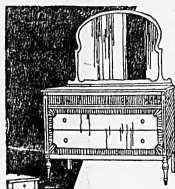

The Rev. G. Fielder was inducted as Vicar of Lacombe by the Bishop of Calgary on Wednesday last, May 4. Rev. D. D. MacQueen of Wetaskiwin, attended and took greetings from Wetaskiwin.

CATTLE FOR CHINA

Apparently the revolutions in China are not expected to upset the demand for dairy products. A Vancouver firm, acting for a large dairy concern in Shanghai, reports that within the next two years the Shanghai dairy will add 200 head to its herd of 300, and British Columbia as well as western Canada breeders will be called upon to supply the new stock. Orders have been received for 30 pure bred Jerseys and 10 Holstein cows, to be shipped at an early date. It is understood that a representative of the dairy will arrive on the Pacific coast shortly to make selections. All orders placed in Canada will be for young stock, cows under four or five years old preferred. Conditions in the Orient make it difficult to breed pure bred stock there, it is stated, and for that reason young animals are demanded.

"Did you know we had a family skeleton?"
"Yes, I saw her in bathing last summer."

SPORTING NEWS

Meeting of Wetaskiwin Lawn Bowling Club, 11th

A meeting of the Wetaskiwin Lawn Bowling Club will be held in the Driad hotel banquet room on Wednesday evening, May 11th, at 8 o'clock. All members of the club are requested to be present, and all persons who intend to play this season are invited. The business will include the election of officers and drawing of slips for this year. The officers of the Ladies' Bowling Club are invited. J. S. WATSON, President.

A GOLFER'S RESOLUTIONS
When starts the season, this I say:
"A better game of golf I'll play
And put my silly thoughts away.
I will grow strong where I am weak.
I will not lift my head to peek.
Nor fear the caddy, should he speak.
I will not press, nor lunge, nor sway
Nor blindly throw a match away.
A better game of golf I'll play.
This vow I've made from year to year
And yet when Autumn draweth near
The same old weaknesses appear.
Despite my teacher's best advice
That golf requires a stroke precise,
I rush the shot and hook or slice.
I do know better, and I should
Do better with the iron and wood,
But still my game stays far from good.
And so with life. The right I know,
I have been taught the way to go,
But still I seem to blunder, so.
—Edgar A. Guest.

GOLF CLUB ELECTED OFFICERS ON MONDAY

The Wetaskiwin Golf Club has organized for the ensuing season, and the following officers have been elected at a meeting on Monday evening:

President—Mr. A. J. Taylor.
Vice-president—Mr. C. B. McDermid.
Sec. Treas.—Mr. Alex. Knox.
Directors—The above mentioned officers and Messrs. Barry and R. E. Schmitz.

Finance, Messrs. Barry, Schmitz and Knox. Mr. Barry chairman.
House—Messrs. McDermid, C. D. Egan and G. E. Wiseman. Mr. McDermid, chairman.
Greens—Messrs. Taylor, Kirsle, Orr, Graham and Mrs. Barry. Mr. Taylor, chairman.

taken down and re-erected on a new site near the north boundary of the course, in proximity to the chief entrance. The club house will be enlarged and improved and equipped so that light refreshments can be served during the day.

The membership committee has already been at work and has secured a substantial number of new players, and it is expected that the membership this year will be the largest in the history of the club.

A new caretaker has been appointed, and under supervision of Mr. McDermid as manager, is actively engaged in getting the green into shape for play.

It is expected that the opening match of the season will be played on Victoria Day, May 24th, when teams selected by the president and vice-president will stage a competition.

A reduced annual fee for new players has been fixed, and players from outside a radius of five miles from the city will also be allowed membership on special terms.

The club has affiliated with the Alberta District Golf association, and has thereby obtained membership in the Alberta Provincial Golf association. This will enable any member of the club to take part in matches sponsored by the provincial association.

It is anticipated that friends of the club will donate trophies for matches played during the season.

Application for membership should be made to any of the office bearers above mentioned, from whom the terms of membership can be obtained.

Look at the label on your paper.

LADIES' BOWLING CLUB RINKS

The draw for players in the Ladies' Bowling Club resulted as follows:
Mrs. Groves (skip), Dixon, Gibson and Hay.
Mrs. Kaker (skip), O'Neil, Edwards, Moore.
Mrs. Paton (skip), McCrae, Chandler, Hillard.
Mrs. Baxter (skip), Adams, Graham, Hogan.
Mrs. Spencer (skip), Ketchum, Martin, Angus.
Mrs. Rouison (skip), McIlhargy, McDonald, Greiner.
Mrs. Walker (skip), Murray, Simons, Barke.
Mrs. Chiddy (skip), Male, Groves, Balder.
Mrs. Wynne (skip), Parnum, Irvine, Thompson.
Extra players—Miss Cook and Mrs. Burns.

***The Ladies' Lawn Bowling Club will hold a tea and foot race in the sunny store, two doors west of Whig & Orr's hardware, on Saturday afternoon, May 14.

***Eye-dazzling entertainment that combines an appealing love story with the most stupendous fashion parade ever displayed on any screen will be seen in "Fashions for Women" at the Angus Theatre on Monday and Tuesday, May 8th and 10th.

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

R. R. J. Wetaskiwin Editor, Wetaskiwin Times.
Dear Sir:—The roads for the first five miles west of Wetaskiwin have not had anything done to keep them in condition since spring came. The result is that in two places the mudholes have become so deep that in order to get into town people living on the Pinyon Lake road have to go three or four miles of their way. They who do not know about the detour try to get through and get stuck. At one time, on Saturday, April 30, there were ten or twelve vehicles held up at one of these places for half an hour waiting for a car to get out of the hole.

The road west of the German Lutheran church is, or was before the last snow, in excellent condition, thanks to the care of Councillor H. Krause. If Mr. Ballhorn, who is responsible for the roads in that part of his division west of Wetaskiwin, as much as for the part east of the city, lived out here, I feel that we would not have to put up with such a needless inconvenience.

Just how much trade the merchants of Wetaskiwin lose because of this it is hard to estimate, but it must be considerable enough to make them unite with the farmers west of the city in demanding a better supervision of this road on the part of Councillor Ballhorn.

If only our good friend Mr. Hodson lived out west here, it would not be necessary for me to pen this epistle. Thanking you for the space, Mr. Editor, I am,

Yours truly,

"STUCK-IN-THE-MUD"

MINSTREL SHOW AT ANGUS

Remember the Minstrel Show at the Angus Theatre on Thursday of next week, May 12th, at 8:15 p.m., by the Taxis Square.

Items on the program will also be given by the Wetaskiwin Women's Institute, the Angus Ridge Young People and other local talent. Admission prices will be 50c and 25c.

C.G.I.T. ENTERTAINMENT MOTHERS

The Mewasin C.G.I.T. group of the St. Andrews Presbyterian church held their final meeting for the season on Tuesday evening when the girl entertained their mothers and a few friends. Some thirty people gathered in the church parlor, where an enjoyable social evening was spent. The winners in the following competition went to Mrs. Chas. Beyer, in the guessing contest, Mrs. Hugh Stewart won first prize while Mrs. E. Burk received the consolation prize. At the conclusion of the evening's program the girls served a dainty lunch.

CITY OF WETASKIWIN

Biggest Freight Rates Case in the History of Canada Is Concluded

Ottawa, April 30. The biggest rate case in Canadian history is over and the decision now rests in the hands of the board.

The case just closed was started by an order-in-council in June, 1925, so that it has been in progress about 22 months. The western rate case was started by an application to the board in the form of a resolution from the Winnipeg board of trade on November 14, 1911, and the judgment in that case was dated May 30, 1914. The western rate case, as its name implies, dealt with rates west of the great lakes. The case just closed has involved every railway rate in the Dominion of Canada. It is true that there have been more sitings held in the equalization case than the case dealing with the west, and there has

also been more evidence presented, but this is not at all surprising in view of the diversity of interests represented and the wide field which the case covered.

The case has made a record for the number of hours consumed and the amount of evidence taken. The record occupies 11,750 pages of type, embracing nearly 4,000,000 words and written on two and a half tons of paper to produce the number of copies required. There were 113 days of actual sittings.

As to the cost to all parties participating only an approximate estimate can be reached, but those in a position to offer a considered opinion figure that it will reach nearly, if not quite, half a million dollars. Counsel for Alberta added a touch

of interest to the proceedings yesterday by closing his argument with a formal protest against the participation of Commissioner Lawrence in the preparation of a judgment in the case on the grounds that he had been absent from the sittings during practically the whole of the final reading, illness having compelled him to leave attendance five days after the board resumed the hearing some months ago. Counsel for Saskatchewan and British Columbia associated themselves with this protest and the formal document signed by these three counsel was accepted without comment by the board.

It is too early to hazard a guess as to the decision of the board, but the chief issues have now all been clearly presented. The maritime province problem, which was one of the most difficult presented to the commission, has been removed from the board's consideration by the action taken by parliament. Quebec is asking for lower grain rates, and east and west bound grain rates from the prairie are both in issue. British Columbia wants the mountain differential removed; Alberta is asking for equal rates with Vancouver on business from eastern Canada; Saskatchewan is chiefly interested in the maintenance of its present position as the gateway of the west. The plea put forward by Ontario has been mainly for the maintenance of the present rate structure.

HOW WELL CAN YOU DRIVE A MOTOR CAR

"How well can you drive?"

Try this out some day for yourself when the neighbors are not watching:

1. At 25 miles an hour, can you pass within six inches of a given mark?
2. Can you turn a semi-circle and stop within three inches of it?
3. At 20 miles an hour, can you stop in 40 feet, halting within six inches of it?
4. Do you drag brakes on a down grade?
5. Can you drive a towed car without jerking?
6. Can you back 100 feet without deviating more than a foot from an even course and stop within three inches of it?
7. Can you park in a space four feet longer than your car, front and back wheels not more than six inches from the curb?
8. Can you back into a garage space with not more than six inches clearance on either side?
9. Do you always look back or signal before stopping even on a country road?
10. Can you stop on a steep down grade, turn round, and start back up hill without killing the motor or racing it unduly?
11. Are you the driver that you ought to be?

THE SATURATION POINT

"Too many cars are being made," the grouch predicted, sore afraid; "the saturation point is near; we'll see it in another year. Then there will be a slump too great and too stupendous to relate; a hundred auto plants will close, the industry will wade in woes, and every other trade will shrink, and business will be on the blink." "The saturation point" became the text of sermons somewhat lame, and every prophet who could take the symptoms of a stomach ache, like Jeremiah talked of we as he went weaving too and fro. Five years ago we heard him say, "This auto boom must pass away; the saturation point, my friends, is coming; then the business ends. Then in dismantled auto plants we'll find sad pictures with our aunts, and oaks will root in chimney stacks where now the smoke is thick as wax." And it was strange how many gents believed the prophets' sad laments. They talked in all their favored joints of naught but saturation points. "The country can't absorb the value produced by all these bustling swains; the saturation point arrives, so scratch for shelter, for your lives." Year after year, the output grows, and if an auto plant should close it's so a bigger one

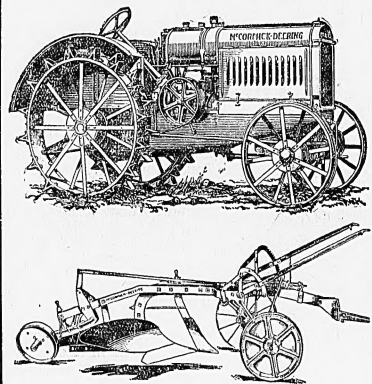

may rise and point its chimneys to the skies. The auto makers frame their plans for doubling their supply of vans; they build new structures eight miles long to house the busy, tolling throng. They hire new workmen every week and still for further legions shriek. We hear it mentioned with a smile, and only prophets steeped in bile would drag it from their dreared abode and walk it up and down the road.—Walt Mason.

NO MAN IS INDISPENSABLE

I care not what your place may be—
A job that's most laborious,
With mighty little salary,
Or one that's fat and glorious,
But, be your labor great or small,
Of this you must be sensible,
Some other guy can do it all;
No man is indispensable.

EAT RAW FRUIT, VEGETABLES

The benefit of this was brought to notice by a friend who went to a dentist and who was told that her teeth were almost too chalky to hold filling and that she would have false teeth in two years, unless, said the dentist, "you eat plenty of raw vegetables and fruit every day." She did this painstakingly and went back to him at the end of the two years, when he found by tapping her teeth that every one was sound, and said they were in such condition that she would never need false teeth. The fruits he mentioned particularly were oranges and apples, the apples having a certain juice which prevented pyorrhea. My friend's teeth are in excellent shape now and look so well that this seemed to me to be proof conclusive. I am urging my children to eat all the raw vegetables they will and all the fruit we can afford.—X.Y.Z.

KILINSKI — PRIEBE

A very pretty wedding was solemnized at the home of Mr. and Mrs. L. Prieb, when their daughter, Ruby, became the bride of Ronald A. Kilinski, of Milwaukee. Rev. P. Dann, minister at Wetsenath, was the officiating clergyman.

The bride was a dainty picture in her gown of white tulle, the hands of silver trimming making a bolero effect and panel front over which fell the bride veil from the wreath of orange blossoms. She carried a bouquet of pink roses and white carnations. The attendants of the bride party were Miss Pearl Prieb, sister of the bride, prettily gowned in peach satin, and Mr. Albert Price. The wedding march was played by Miss Bremner of Kavanagh. The young couple were recipients of many beautiful and useful gifts and several checks from their numerous friends.

Over one hundred guests sat down to the dinner, the beautifully decorated wedding cake centering the bride's table.

After a few days Mr. and Mrs. Kilinski will leave for Milwaukee, where they will reside.

MILLET LOCAL NEWS

Mrs. E. G. Smith is spending a few days in Calgary.

Mr. S. Deane is the possessor of a new Pontiac sedan.

Mr. P. Fahey, who has been ill for some days, is reported to be improving.

Mr. and Mrs. J. West were guests on Friday at the Kilinski-Prieb wedding.

Vict. Scott, who is running a garage in Wetaskiwin, spent Sunday at home at Patience.

Mr. Patrick, after visiting the district for some time, left on Thursday for Montana.

Mrs. G. Just, who has been visiting friends for some weeks, returned home at the week-end.

Mrs. Chelson, her daughter, Miss Lottie, and Miss A. Adam motored to Wetaskiwin on Saturday.

Mr. Fred Stanley, formerly of the Leduc crematory staff has accepted a position in the Millet plant.

Mrs. T. B. Stevenson and Little Master Lowell of Wetaskiwin, were guests of Mr. and Mrs. J. West on Tuesday last.

Mr. G. A. Wagner, Mr. Richard Wagner, and Mr. Mrs. C. A. Wagner and family spent a day in Edmonton last week.

Mrs. John Barth and two children left on Sunday morning for Vancouver on hearing of the serious illness of her mother.

Mr. and Mrs. McLarty and family left on Friday to reside in Leduc, where Mr. McLarty has a position in the Leduc crematory.

Mr. and Mrs. W. Dinney, Mrs. J. Dinney and Mr. Herbert Dinney motored to Ponoka last Saturday to the home of Mr. and Mrs. Kenbury.

St. Paul's church choir, of Leduc, will attend the Church of England service in Millet next Sunday morning. Mr. Cary will sing a solo. Everybody welcome.

A basket ball game was played in Pinyon's hall on Saturday evening between Camrose Normathites and the Millet boys, resulting in a score of 29-15 in favor of the visitors.

Mr. Kenneth Argue spent Sunday at home, and having written his University examinations, is leaving to take up work in a summer school in the Lesser Slave Lake district.

Mrs. George Laidt, who has been ill in Edmonton for some time, and has been the guest of Mrs. C. Brinker for the past two weeks, is leaving shortly for her home at Mulhurst.

Mrs. Conquest of Edmonton will address the Women's Institute in the community hall on Monday, May 11, in the interests of the Red Cross society. A number of lantern slides will be shown.

A jolly evening was spent by about forty guests at the home of Mr. and Mrs. T. Brennan on Friday evening, the time being passed in games, conversation and dancing. A delicious lunch was served at the close.

BORN

DAY—Near Millet, on April 27th, to Mr. and Mrs. J. B. Day, a son.

FERGUSON—In Edmonton, on April 21st, to Mr. and Mrs. George Ferguson, of Millet, a son.
ROSEBERG—At Millet, on April 26th, to Mr. and Mrs. Roseberg, a daughter.

PETTIGREW—At Millet, on May 2nd, to Mr. and Mrs. Pettigrew, a son.

L.O.O.F. ANNIVERSARY
HERE SUNDAY NEXT

Millet Lodge, L.O.O.F. will hold the annual anniversary services at Pinyon's hall on Sunday next, May 8th, at three o'clock. The Rev. A. B. Argue, of Millet will conduct the service, and Rev. I. N. Hughton of Donalda, will deliver an address appropriate to the occasion.

Leduc, Ponoka, Wetaskiwin and Rimby lodges, together with the Cool Lake Boys Band, will be in attendance. A large crowd is expected so be early if you wish to get a seat. Everybody welcome.

THINK IT OVER

All those who journey, soon or late,
Must pass within the garden's gate;
Must kneel alone in darkness there,
And battle with some fiercest despair.
God pity those who cannot say,
"Not mine, but Thine," who only pray
"Let this cup pass," and cannot see
The purpose in Gethsemane.
—Ella Wheeler Wilcox

Use The Times' Want Ads. when you wish to buy or sell articles.

WOMEN'S INSTITUTE GIRLS' CLUB

The W.I. Girls' Club met at the home of Mrs. Anderson on Wednesday evening, April 27th, with thirteen in attendance. The meeting was opened by the singing of O Canada. The minutes were read and adopted, and the treasurer's report was also read and approved. The coming contest was discussed and each girl decided on what she is going to make. Plans were made for serving supper at the dance on the 29th. Two musical selections were rendered by Irene Anderson and Lola Dugger. At the end of the meeting a dainty lunch was served.

Here and There

Nineteen ex-service men's families, sent out to Canada by the British Empire Service League, arrived at Quebec recently on the Canadian Pacific liner "Montrose." These families, totalling in all about 100 persons, have been carefully selected and have been given training at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. The men will carry on farming in the Western part of the Dominion.

A unique "Seeing Canada" expedition will set out from Ottawa on August 4, this year to visit the principal points of interest in the provinces from the Atlantic to the Pacific. The party to make the tour will include a selected number of delegates to the World's Poultry Congress, to be held at Ottawa in July. Practically all the nations of the world will be represented, and the party will journey first to the eastern part of the Dominion over the Canadian Pacific lines.

Record wool clip and wheat output for the past year have placed Australia in a condition of prosperity that was never so great as at present, according to J. M. Myles, correspondent of the London "Daily Telegraph," when interviewed at the headquarters of the Canadian Pacific Railway in Montreal recently on his way from the Dominion to England. He estimated that the exports from Australia had probably reached a record figure.

The farthest north settlement in the world, Bacha peninsula, is cheered by radio programmes broadcast in the Arctic Ocean, 750 miles above the Arctic circle, this far-flung outpost is situated ten and one-half degrees off the North Pole. Here there is a post of the Royal Canadian Mounted Police, the garrison consisting of Sergeant Joy, two constables, and a few Eskimos. From November to March they do not see sunlight. Their one great pleasure is in listening to radio programmes from the outside world.

A unique musical event will take place at the Chateau Frontenac, Quebec, May 20 to 22, when a folk song and handicraft festival will be held. The songs will be sung by local singers, famous for their knowledge of traditional airs of Old Quebec. French-Canadian folk songs are gaining in popularity throughout the country since so many of them have been translated into English by John Murray Gibson, of Montreal. Charles Marchand, one of the outstanding interpreters of these old-time songs, will figure prominently at the coming musical festival.

President Coolidge's natal State, Vermont, has been brought vividly to the attention of the Middle West, Ontario and Quebec by a special train, known as the Vermont Maple Sugar Special, which has been touring the western states and which visited Ontario and Quebec in the latter part of April, carrying special exhibit of Vermont products and also a car of Canadian Pacific exhibits. Governor John E. Weeks, Vermont's chief executive, and Mrs. Weeks, together with his staff, the United States Senator for Vermont, and many other State legislators and representatives of leading business interests, were aboard the train during its extended tour.

Sidelights on the Chinese situation were thrown by travellers from a trip around the world, who arrived at the Windsor street station in Montreal recently, on the last lap of their journey. They were: Harrison Williams, well-known public utilities financier of New York; Paul Cravath, general counsel of the Missouri Pacific Railroad; and Colonel R. B. Worgan, of the Indian army, who had joined the trip at Madras. Mr. Cravath was in Shanghai, his arrival corresponding with the capture of the city by the Nationalist forces. Mr. Cravath stated that he had not heard a shot fired on that day, and would not have been aware he was in a city taken in open war if he had not been informed of the fact.

Trade with the merchants who advertise in this paper.

WANTED — A GIRL

Wanted—a girl who is loyal and true. With the brain to plan and the will to do;

With the spirit loyal that none can doubt.

Who thinks of other folks' round about;

A girl whose actions makes mother proud

And takes her place in the busy crowd

And plays her part in a splendid way.

No matter if skies be blue or gray;

A girl who is willing, whose nerve is keen.

Whose thoughts and actions are always clean;

Who works with her head and heart and hands,

A girl whom everyone understands.

I know that always she'll play her part

In lovely hamlet or city mart.

A girl with never a thought of fame,

Who's always trying to play the game.

And out of its clamor and din and whirl,

The world pays tribute to such a girl.

—H. Howard Biggar.

DADDY'S TRACKS

Yes last night it snowed a heap.

On the level, two feet deep.

Daylight time—or just before—I start out to do my chore.

My kid Gus yells—"Me go too."

I say—"Snow too deep for you."

But right quick he answer back:

"I can step in Daddy's track."

Then his mother put his head,

"Gus! Gus! Gus!" was all she said.

But I know she thinks lots more.

Yes we start to do our chore.

Little boys go every day.

Were the old man leads the way.

Better walk straight like a crack.

Yes boys step in daddy's track.

ITEMS OF INTEREST
FROM NEAR AND FAR

In an old Egyptian tomb there was recently discovered what was evidently an attempt at something like a fountain pen. A section of reed was mounted on a long piece of copper.

It is clear that the hollow reed was intended to hold a certain quantity of ink, or its substitute, which would flow down the copper to the very finely sharpened point. The pen

"Freeze-Em" Pickle 50c

A PREPARATION FOR CURING HAMS, SHOULDERS, BACON, CORNED BEEF, PICKLED PORK, AND FOR CURING ALL KINDS OF MEAT FOR BOLOGNA AND OTHER SAUSAGE.

Breakfast Bacon cured by our method with "Freeze-Em Pickle" fries nicely — is not too salty — has a delicious flavor and keeps its fresh delicate flavor for a long time.

is probably four thousand years old. The United States soil surveys have helped to reveal the limitations and the possibilities of the soils examined. A survey in southeastern Idaho made it clear that it would be unwise to irrigate the section. In Arizona several types of soil were found that were suitable for lettuce, cantaloupe, and early potatoes. In the Chico area in California a serious disorder which was damaging the prune orchards was shown to be associated with the presence of calcareous subsoils. The United States bureau of public roads announces that the new system of highways has been approved by the federal government and all the states, and it will now be pushed to a completion as rapidly as possible.

It consists approximately of eighty thousand miles of the most important roads and embraces ten transcontinental routes east and west, and as many through routes north and south. Every aid will be provided for travelers so as to make it possible for them to go anywhere in the country without the slightest danger of losing their way. Already much has been done, but the work will now be carried on upon a much wider scale. When Canada also has completed her system of transcontinental roads this continent will surely be a paradise for the millions of automobilists or our own and other continents.

Advertise in the paper that circulates all over the district thoroughly.

Youthful Energy for Canadian Farms

Rising in age from fourteen to eighteen years, this party of sturdy boys recently arrived in Canada on board the Anchor Donatien Line "Athens" to take up farming in Canada. They all had from Scotland and were keenly enthusiastic to take up their new life on the land. Prior to being placed on farms they were educated at the Hotel for boys maintained by the British Immigration and Colonization Association.

WE TAKE PLEASURE IN ANNOUNCING THAT Mrs. Frank G. More, Liverpool, N.S., WINS FIRST PRIZE—\$100.00

in the Nyal Creephus Word Contest. The entry of Mrs. Frank G. More won the decision of the judges. The other prizes have been awarded to the next twenty contestants and cheques forwarded by registered mail. We wish to take this opportunity of thanking all of the many friends of the famous Nyal line of Family Remedies for their interest in our first word contest.

Our second great word contest

commenced the first week of April and closes at midnight, June 30th. \$600 cash is being offered in prizes. The new contest is in connection with our already popular remedy

NYAL STONE ROOT COMPOUND

You may win the first prize, \$100 cash, or one of the twenty other cash prizes. New Nyal word contest sheets are now in the hands of the Nyal druggists. Get your contest sheets. The rules are simple. How many words can you make from the thirteen letters in the three words NYAL STONE ROOT. Nyal Stone Root Compound restores health and strength. It relieves kidney and bladder troubles, rheumatism, sciatica and strengthens weak kidneys. Some people give their cars the best of care and neglect themselves. Health deserves more attention. Protect it with Nyal Stone Root Compound. There is no obligation to buy. Go to the Nyal drug store—ask for the new Nyal Word Contest sheets. Send your answers in early. You may win enough money to take a real summer vacation. Go to the

wheat pool-directors will be at Kansas City, though not as official delegates, part of them merely as observers.
Henry Wise Wood, of Alberta, and J. G. Gardiner, premier of Saskatchewan, will be two important speakers and delegates at the conference.

GWYNNE

Mrs. P. Miquelon of Olds visited at the home of Mr. and Mrs. A. R. Inglis last week.

Born, to Mr. and Mrs. Chas. Tosty, on April 20th, a daughter, Lara Marie. Mr. Charles Freeman was an Edmonton visitor on Monday.

Mr. A. J. Ross of Perintosh motored to Gwynne on Saturday, just in time for the big snowstorm.

Miss A. Shantz is spending a few weeks in the Battle River district.

A few of the Gwynne ladies gathered together and spent Wednesday afternoon with Mrs. E. D. Cole, celebrating her birthday.

Owing to the last snow storm, the section men are busy watching the railway tracks, as the water is raising and the track is again threatened.

Mrs. Clarence Gould of Perintosh spent a few days with relatives here.

The regular meeting of the Sunshine Club was held at the home of Mrs. Ed. Johnson on Saturday, April 30. A large number turned out.

Miss M. Humble spent the week-end at Fred Kaiser's.

G. Turquist returned home on Saturday from an Edmonton hospital and is improving nicely.
